Description

Starz is a children's fitness enrichment program. We operate by partnering with schools and bringing our specialized classes on-site to schools in local communities.

The Starz Program™ offers specialized classes in dance, sports, cheerleading, yoga, creative movement, and school-wide fitness. Being a mobile program that operates within schools, our owners are able to get their businesses off the ground and profitable quickly.

Starz owners work part-time which affords them ample time to live a life they love outside of work.

By providing fitness-based enrichment classes on-site in schools and at other facilities, we make it easy for busy families to help their children develop the skills they need to get moving and stay active. Parents that have experienced our program often select their child's next school based on which schools we serve. The impeccable standards and professionalism Starz holds make us second to none.
